

# Blue Eyes & Paris Vibes

by Hailey Frost

*Sparks fly between famous model Reed and Abby in the spring-blooming streets of Paris.*

**Vacation fling • Annoyance to Love •  
Strangers to Lovers**

A one-week fling. Countless moments. A lifetime of what-ifs?

Abby

I don't get the hype about Paris. It's overpriced, overcrowded, and completely wasted on someone like me - single, cynical, and on a break before real life kicks in. I only came because my brother couldn't. I planned to eat croissants, avoid romance, try to enjoy myself and go home.

Then Reed ran me over. And everything flipped.

Reed

The last place I wanted to be was Paris, especially for a fashion show I couldn't care less about. But my brother insisted. I expected shallow conversations, champagne I didn't ask for, and a week of pretending.

Then Abby happened. And nothing looked the same after that.

We didn't mean to fall. But maybe this was never destined to end as a vacation fling.
