She did everything to forget him. Too bad he's the one mistake that refuses to stay in the past.

Eve

Eight years ago, he stole my song - and broke my heart. While I was left picking up the pieces, Cole and his band skyrocketed to fame. But karma works in mysterious ways. Now, I'm the one calling the shots as the power behind the industry's biggest stars... and his band is on the verge of collapse.

One accidental encounter, and all the feelings I buried come rushing back. The desire, the pain, the love. But I won't fall for him again. I can't.

Because loving him once almost destroyed me.

Cole

For years, I searched for Eve, knowing I'd left behind the best thing in my life. Now, she's here - stronger, sharper, and dead set on keeping me at arm's length.

Now that I've found her, she wants nothing to do with me. But I know Eve—she's as stubborn as she is brilliant, and she still feels this pull between us. She can fight it all she wants. I'll fight harder.

Because she's mine. And this time, I'm not letting her go.
